## CARE INSTRUCTIONS

- **Dust regularly with a soft, dry cloth** to maintain the wood's natural finish.
- **Wipe spills immediately using a clean, damp cloth** avoid letting moisture sit on the surface.
- **Avoid harsh cleaners or abrasive pads** that can strip the wood's character and patina.
- **Use coasters, placemats, and trivets** to protect from heat, water rings, and stains.
- **Keep away from direct sunlight and heat** sources to prevent warping or fading.
- **Condition occasionally** with natural furniture wax or oil to nourish and protect the wood.
- **Expect and embrace imperfections**—cracks, knots, and variations are part of reclaimed pine's rustic charm.
- **Avoid placing heavy or sharp objects directly on the surface** to prevent dents or scratches.
